

Welcome to the Festival Foothills Website!

We are pleased that you are looking through the site and checking out what our school has to offer. I would like to highlight some items for you:

- The "About Us" link, which includes the mission and vision statement of the school
- Information about curriculum, including our "Falcon's S.O.A.R" character education work
- Information about extracurricular activities including athletics
- Information on how to contact the school and the staff
- Enrollment information
- A calendar of events

After looking through the website, please feel free to contact us with questions or needs for more information. I also would encourage any family interested in our school to set an in-person visit and school tour.

We thank you for your interest in our school. We are very proud of the school and its staff and we would love to have your child be a part of us. Go Falcons!

Mat Clark
Principal
